

California Hunter Education FULL Course

Taking a Hunter Education course will allow you to comply with California Law as well as meet most licensing requirements in other States. Not to mention making you a safer and more knowledgeable hunter.

Hunter education is not just for kids and not just for hunters. The program is for all folks who enjoy the outdoors and have an interest in conservation. The course can also be an excellent refresher for veteran hunters.

We encourage parents or other family members to attend with their children.
